

Am7 **Dm7**
First I was afraid, I was petrified
G7 **Cmaj7**
Kept thinking I could never live with COVID locked inside
Fmaj7 **Bm7-5**
But then I spent so many nights thinking how I could be strong
Esus4 **E**
Kicking back with a Jack, believing life can carry on
Am7 **Dm7**
Then we found ways in digital space
G **G7** **Cmaj7**
So we just learned that there are many ways to help communicate
Fmaj7 **Bm7-5**
We didn't need to change our outlook, didn't need to find a key
Esus4 **E**
All we need is some hope cause hope can set us free

[Chorus]

Am7 **Dm7**
And so now go, secure your doors
G **G7** **Cmaj7**
just accept the fact that just for now, no visitors anymore
Fmaj7 **Bm7-5**
We're not trying to be mean not trying to hurt you with goodbyes
Esus4 **E**
We will fight corona virus; we won't just lay down and die

Am7 **Dm7**
Oh now go we will survive
G **G7** **Cmaj7**
as long as we stay safe and stay locked down home inside
Fmaj7 **Bm7-5**
We've got all our lives to live, we've got all our love to give
Esus4 **E** **Am7**
We will survive, we will survive, hey hey
